

*Advisory Service on Currency Movements for Traders and Investors.*

# *HotForex*

- **Currency pairs included** under this service are USD/INR, EURO/INR, JPY/INR, GBP/INR. International currencies covered are USD, CHF, EURO, YEN, AUD, CAD, JPY, KWD. Advice on USD Index is also given, as is a vital variable in forex markets forecasting.
- **Daily trading advise** will be given to traders in Indian currency exchanges (futures and options wherever available) from the Indian exchange traded currency pairs, while those trading in international forex markets; day trading advice will be given from the given majorly traded pairs with the USD.
- **Weekly or during the week email newsletter** will also be given for important updates regarding currency and forex movements and special reports if any.
- **SMS updates** will also be given to subscribers regarding important alerts; price updates and important analysis, apart from obvious trading calls advice messages.
- **International customers** will also be provided with chat trading calls delivery service, while phone support is available to all during Indian working hours.
- **Custom advise** will also be provided to members on request regarding particular position, currency etc.

- Fees for Indian Subscribers are Rs.5500 for one month, and Rs.7500 for International Subscribers (international sms charges being the difference). International customers who want calls only on chat have to pay only Rs.5500.
- Individuals/Entities other than exchange traders (**Companies or businesses/exporter/importers**) who want forecasting and consultation about currency markets or particular currency can also contact us. Fees for such consultation shall vary from case to case.
