This pack is ideal for big traders and investors, having high appetite and volume for trading, such traders are mainly full-time traders and investors.

We also call this pack Broker's Pack as many sub-brokers, stock brokers and portfolio managers prefer this pack. The reasons why they prefer are given below.

Why stock brokers, sub brokers, remisers, portfolio managers like this pack more?

Stock-brokers/sub-brokers/remisers basically run broking offices. And their income is brokerage generated out of the transaction executed by clients.

Your business consists of two activities.

You have to (1) obtain clients (investors/traders) and (2) sustain them.

The obtaining part purely depends on your network and marketing efforts.

While the more important part is sustaining the clients.

This involves,

(1) Giving Quality of Delivery of Services, and

(2) *Monetary Benefit (profit) to clients by your (broker's) market expertise.*

Here the quality of Delivery of Services part will depend upon your efficient infrastructure and manpower set up.

While, all will agree that 2nd part is More important i.e. of benefiting/profit to clients (weather investors/traders or both) by your market expertise.

This is also universal truth that broker is the first and default advisor to client.

Now Friends,
